이제부터 숨겨져 있는 단서들을 하나씩 모아볼까요?

You do seem like
you weren't shocked
to experience that.

Everyone else
was shocked to
their bones.

Then you even
approached the
body and poked it ...

June,

I've changed
my mind.

It is etiquette
that they pass
out.

Shut up !

Grrr !
Those idiots !

I feel so bad.

The room was
full of evidence !

All I had to
do was pick
them up.

But just because
I am a lady, they
cut me off and told
me go home.
I am so pissed.

Those people!

I will make them
long for money if
I can meet their boss!

Please,
watch what
you say.

Oh, I
see.

I am simply
speaking
truth. Head is
not a spot to
place a hat.

All I am asking
you to is tone
down.

Etiquettes and
your behavior
determine your
class eventually.

Your late father
told Mr White
that, remember?

Edwin, your root
is not important.

Your education,
etiquette, and
the way you act
will determine
who you are.

Mr White who
is from a poor
family has become
an outstanding
gentleman.

But you are from
a gentry family
and ...

I am just angry,
that is all !

The way you speak
... You can literally
beat up a bear,
I reckon.

Even so -

You knew the
etiquette and
behaved like a
lady at one time.

Edwin !
That's not how
you speak

Is that so ?

The way your
tongue has become
rough and you are
acting like anti-lady

To Mr Withers,
it may simply look
like a rich woman's
boarders.

I've been
wondering.

Do you
like Edwin,
Jane?

Handsome, good
education, good
manners.

It is true that
he is handsome.

I'd kidnap such
a man if possible
and make him
mine.

Of course I

Jane ...

How do you
reach such a
conclusion ?!

And quit addressing
him formally.

So, what if he was
a famous lawyer ?

No is just a
butler now.

No lady of a house
marries her family
butler.

And no house
address their butler
like a noble.

Guess lady ...

Anyway, let's
go to a book
store, shall we?

It was an interesting
case, but the police-
men ruined it.

I haven't failed to
live my life
to its fullest
because of you.

Don't
overthink.

I am going to buy
so many books!

You are
a lady.

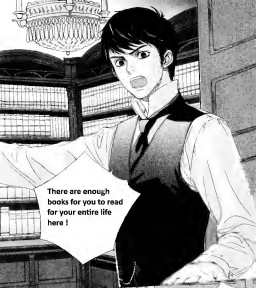

It's good that
you love to read.

If you wanted to
read more books - I

But please
learn to
love your-
self

There are plenty
that you haven't
even touched, left
by your father I

Please take
a good look.

There are enough
books for you to read
for your entire life
here !

Forget it,
My target is
Gladiolus.

My
target is
Gladiolus.

Please watch
what you say !

Gladiolus
Gladiolus

Gladiolus

Are you planning
to turn this place
into a library?!

카르카

Enough is
enough please!

!

Whaaaaaaaaa,
what are you doing ?!

Here, I need to
talk to you later.

How hard
did you fall
that you had
to bleed like
that ?

You just keep
causing troubles,
don't you ?!

It's not that !
It's not even
my blood !

Don't
doubt

... So, there was
a murder case and
you inspected a
dead body

.....

... That's why
I got angry.

And there was a book on his desk.

die beiden jungen war by any chance

die beiden den-
jungen warthen
by any chance?

Well, I've been hearing that he's been wearing certain set of ward clothes.

How did you know?

Words spread very fast among servants and maids.

It's just like the
realities.

He had been very depressed ever since he was abandoned by Countess Lancaster.

It's only logical to think that he committed suicide.

As long as they
only look at the
surface.

I am not sure
what has prompted
to bring you here.

It's weird.

Maybe ...

Few aspects
are suspicious
though.

For an example,
his coat ...

Why can't there
any droplets of
blood on his chest
if he indeed committed
suicide?

Normally,
there are four
at least.

It looks almost as if
someone shot him
in the head and
changed his clothes
later.

JANINE'S FLOWERS

Ah, that
reminds me.

Not only did some
lady run around
the murder scene

she modelled in and
disturbed possible
evidences !

As if that wasn't
enough, she disturbed
the body !!

Do you expect me to
believe that ?!
What were you doing ?!

She did that
even before we
got here ...

This is clearly homicide !

She told us to visit the
Newton residence if we
want to know why ...

You provoked them.

Control
your tone,
Edwin !

That is not
the issue
right now !

What kind of
help plays
around with
a dead
body ?!

You disturbed
the scene of
a murder.

And then you took the
cloth covering the
victim's face and turned
his head around to
poke his gun wound.

As if that wasn't
enough, you provoked
them !

I suppose they will pay
you a visit now.

It's the police
who has the
authority to make
any decision.

Yes, but

I didn't want my thoughts
to be acknowledged as
some random lady's
wild imaginations.

I see.

I will do it.

As a lawyer,

I will accept and
prove your thoughts
to be true.

Really ?

Thanks,
Edwin !
I love you !

I wish you could
show your affection
like that daily.

Have you ever
seen me lie ?

As your "friend",
I have to scold you.

And as your "father",
I have to worry
about you.

For now, as your
butler,

I will assist you.

I thought
you'd explode
in anger.

Since you
know that
so well, why
didn't you
believe.

The maid was
my first suspect.

But the distance
was just too great
between Thomas'
rooms and her
saloon.

루시퍼의 살롱

로저스의 방

It took us
10 minutes
just to get
there.

Besides,
I didn't think
she'd be able
to handle
a gun's feedback
when fired.

Much better to
use a dagger
instead.

공범은
될 수 있어도
심해 충돌 본 건
아닐 거야.

What if
the servants
were involved
as well ?

What if the
door wasn't
locked to
begin with ?

But the
locking
mechanism
was damaged.

Because
they
tried to open
it which meant
it was locked.

How did they
lock it ?

He had been
dead for a lot.

Because his blood
was becoming
very sticky.

I am sure you
know that,
Edwin.

And the wound on
his head didn't have
any burns.

I see.
There are
numerous
points that
would make
this case
homicide.

Yes.

More you think
about it, clearer
it becomes that
this is a homicide.

Now, the key
part of this
case is how
they looked
the door from
outside.

It was an
ice cube.

In this season?

It was raining, still
the room was very
well heated.

And I saw
water at bottom
of door.

Ice is rare in
this season.

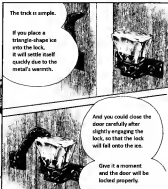

The
marchioness'
family is very
wealthy.

Her family did
purchase a
freezer from the
last age and
earned a lot of
attention from it.

The trick is simple.

If you place a
triangle-shaped ice
into the lock,
it will settle itself
quickly due to the
metal's warmth.

And you could close the
door carefully after
slightly engaging the
lock, so that the lock
will fall onto the ice.

Give it a moment
and the door will
be locked properly.

As you know,

Your father
used to use

Logical and scientific
methods to prove
his cases so that
there would be as
little resentments
as possible.

Why he showed
us how to use
chemicals.

It was probably
due to his
vast interest
in science.

I do believe that

This case could be
proven by using
your experiment
room.

This method is actually used to determine presence of arsenic.

Why don't you try Marsh test?

I will go shopping meanwhile.

No, you got me.

... It's not a place where a lady should go to.

I need to make sure that evidences are secure before proving them.

Marsh test is easy. You can do it alone.

You tell me I've never done experiments alone.

Where are you trying to go without me?!

You got to do all the interesting stuff!

Now... let's go.

To find ...

The truth she
wants ...

There she goes.
She passed out.

.....

She
"passed out"

Young
woman

She talked about
his love story for
3 straight hours !

And she passed
out !

She made it look
like I am the bad
one !

I asked her to
tell me "truth"
only ...

This is why...

I was told that
she'd be the worst
witness ...

Hmm ...

I don't like this,
but it doesn't look
like I have a choice.
